

# Clements Compact

*“Where Good Things Happen”*

We at N. B. Clements Junior High School will provide an engaging learning environment where diverse learners will acquire the knowledge, skills, and self-discipline necessary to successfully transition into and through High School.

We will strive to:

- Establish a safe, orderly, and healthy learning environment
- Maintain high standards of scholarship and conduct
- Promote accountability, civility, service and character
- Model and enforce school rules, regulations, policies, and procedures
- Meet international, national, regional, and state accreditation standards and achievement targets
- Systematically, comprehensively, and continuously improve student learning and school performance
- Pursue continuous professional growth and execute duties and responsibilities with passion, purpose, and persistence
- Develop positive, productive relationships with students, parents, colleagues, and the community
- Provide opportunities for academic, emotional, social, and physical growth and support
- Exhibit and instill school spirit and Royals pride

We individually and collectively commit ourselves to creating a high performing, fully functional school; one where students stretch their minds, toe the line, and begin to realize their true potential and the full capacity of their abilities.
